

California Basil
SALAD FOR ALL SEASONS

May 29, 2019

Harvest Sensations is one of the largest grower-direct importers of herbs providing our distributors and their operators fresh conventional and organic herbs consistently all year long. But, when it's in season, we also ship herbs grown in the USA. Currently we are shipping fragrant basil locally grown from Ventura county to the northern parts of California from Los Angeles. With Basil being the #1 used herb across the board, our supplies must be plentiful! And while all the basil we sell is the highest quality – here's to the "local-grown" operators, just in time for Father's Day and 1st of Summer menus.
